ELECTRONIC FORMS SYSTEM (EFS)

Office of Labor-Management Standards (OLMS)
http://www.olms.dol.gov
The EFS is the Office of Labor-Management Standards (OLMS) web-based system for completing and filing the LM-2, LM-3, and LM-4 labor organization financial reports.

Because the system is web-based, multiple users can access their union’s form from different locations.

The union’s report can be prepared over a period of time and worked as needed.

No software downloads will be required.

Users will no longer have to purchase digital signatures to sign the forms.

EFS SYSTEM ACCESS

Two separate processes are required to assure a union’s secure access to the EFS:

- **User Registration**
  
  Every person who needs to prepare, review, or sign the LM Forms will need to register for an EFS user account and password to access the system.

- **Union Registration**
  
  A union representative will register to obtain a unique Private Identification Number (PIN) for the union.

User Registration is the first step in gaining access to EFS.

EFS: UNION REGISTRATION

Office of Labor-Management Standards (OLMS)
http://www.olms.dol.gov
Each reporting union must obtain a PIN to gain access to the EFS.

- A PIN is a Private Identification Number assigned to a union, and known ONLY by those who need to access the union’s information through EFS.
- A union should select one representative to obtain the unique PIN.
- Only one PIN will be assigned to each filing union.
- The union representative assigned to obtain the PIN will then distribute this PIN to any individuals who prepare, review, or sign the LM forms.
- The union will need to obtain a new PIN every year to maintain authorized access to its LM forms.
- There is no charge associated with obtaining a PIN.
